

A SERIES

Quick Lock

**BEST
QUALITY**

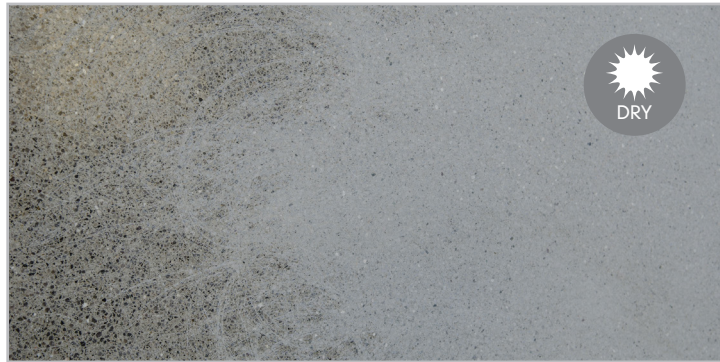

**MADE IN
ITALY**

Diamond discs for **abrasive concrete**, offering high removal capacity while reducing tool consumption.

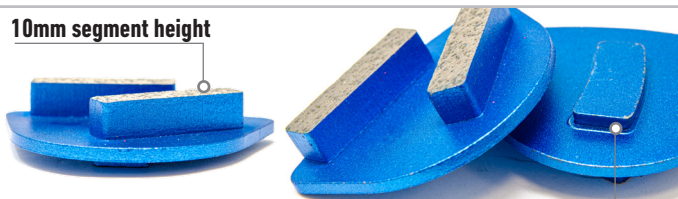

Thanks to the practical “curve lock” system, the Quick Lock diamond can be easily mounted and dismounted, remaining securely fixed during the working phase.

DRY USE FOR CONCRETE FLOOR PREPARATION:

ADVANTAGES:

10mm segment height

Quick Lock attachment

HG HYPER PREP represents the leading line of preparation tools, ensuring profitable results and meeting deadlines. Accurate preparation of the substrate is essential, especially for concrete floors and surfaces.

In challenging preparation scenarios, the choice of tools makes all the difference. Whether removing old paints or levelers for a new coating or preparing a concrete surface for grinding and polishing, selecting the right tools is crucial for achieving excellent results.
